Dear Debra:

Your term permit (#2704446) expired on 11/16/2005. In accordance with Sec. 325, Title III, H.R. 2691, Department of the Interior and Related Agencies Appropriations Act, 2004 (P.L. 108-108), which was enacted on November 10, 2003, your grazing permit can now be renewed under Section 402 of the Federal Land Policy and Management Act of 1976, as amended (43 U.S.C. 1752), title III of the Bankhead-Jones Farm Tenant Act (7 U.S.C. 1010 et seq.), or, if applicable, section 510 of the California Desert Protection Act (16 U.S.C. 410aaa-50). In accordance with Public Law 108-108 the terms and conditions contained in the expired or transferred permit have been incorporated into your new permit and shall continue in effect under the renewed permit until such time as the Secretary of the Interior completes processing of this permit in compliance with all applicable laws and regulations, at which time this permit may be canceled, suspended, or modified, in whole or in part, to meet the requirements of such applicable laws and regulations.

The issuance of the permit would be for a period of ten years beginning November 16, 2006, and ending November 17, 2015 in accordance with the dates of your grazing lease. Permitted use on the Mill Spring Allotment is 341 active AUMs of cattle use. The season of use for the Mill Spring West Pasture is from May 16 to June 30. The season of use for the Mill Spring East Pasture is from April 1 to September 30. The signed "Acceptance of Terms and Conditions" form was received on 4/6/2006. (See the enclosed Acceptance of Terms and Conditions Agreement for details.)

The new grazing regulations require the authorized officer to consult, cooperate, and coordinate (CCC) with affected permittees, the State agencies responsible for managing resources within the area, and the interested public prior to the issuance of grazing permits (43 CFR 4130.2(b)). Therefore, a copy of this letter and a copy of the acceptance form will be sent to individuals, groups or organizations that have expressed an interest in the management of livestock grazing on the Mill Spring allotment for the 2006 grazing year (list at end of this letter).

You meet all of the qualifications for the grazing permittee outlined in 43 CFR 4110.1, and this offering and issuance of a permit complies with the regulations governing issuance of permits outlined in 43 CFR 4110.2-1 and 4110.2-2.

The terms and conditions outlined in the enclosed acceptance form are those that have historically appeared on previous annual licenses and permits authorizing grazing use on the allotment. The terms and conditions of livestock grazing outlined for the Mill Spring Allotment was developed through consultation, cooperation and coordination with the interested public during the allotment evaluation process. The terms and conditions outlined are also consistent with the Egan Resource Management Plan (RMP), Final Environmental Impact Statement (FEIS), and subsequent Record of Decision (ROD).
